- UI/UX
- Troubleshooting
- Project Management

## PROGRAMMING LANGUAGES AND TOOLS

- C++
- Java
- HTML, CSS, JavaScript
- Python
- Flutter
- Firebase
- Figma

## CORE WORK SKILLS

- Trainability
- Problem Solving
- Flexibility
- Teamwork
- Collaboration

## PROFILE SUMMARY

I am a 4th year student at PHINMA University of Pangasinan with a strong desire to learn and adapt to the ever-changing IT industry. I am a mobile developer, front-end web designer and I am literate in Java, HTML, CSS, Firebase, and Python.

## EDUCATION

**PHINMA University of Pangasinan**

Bachelor of Science in Information Technology

Major in System Development

## WORK EXPERIENCES

### MAJOR PROJECT

#### WashPro

**New Ventures 2024**

**Figma | Flutter | Dart**

Simplify laundry with our innovative app! Connect with trusted laundry shops, schedule pickups, track orders, and enjoy hassle-free delivery—all from your phone.

#### TRAINEECHECK: Attendance Monitoring System

**Capstone Project 2023 – 2024**

**Java | Android Studio | Firebase | HTML, CSS, JavaScript**

Collaborated with the team to create an attendance tracking system that allows OJT students to clock in and out, keep track of their attendance or remaining duty hours, and keep an eye on their grades for increased productivity.

#### Pinnacle Jump

**3rd Year Project 2023 – 2024**

**C# | Unity**

A 2D Parkour Game using Unity and C#, featuring dynamic and fluid character movements through a series of challenging levels. The game incorporates smooth jumping mechanics, offering an engaging platforming experience. Designed with a focus on responsive controls and immersive gameplay, the game includes various obstacles, traps, and collectibles to enhance player engagement.

#### POP TAP

**Application Development Project 2022– 2023**

**Visual Studio | Flutter | Firebase**

A social networking app that will let the users share pictures and updates about their day. It is an entertainment application that will help people connect with others.
