ANTON GABRIEL BERTILLO

"I am a skilled software developer with expertise in a variety of programming languages and technologies. I have a strong foundation in app development using Flutter and Android Studio, allowing me to easily create cross-platform mobile applications. I am also proficient in C++, Java, and Python, allowing me to develop robust and efficient software solutions for a variety of applications." I am well-versed in web development technologies such as HTML, CSS, and JavaScript, allowing me to create visually beautiful and interactive web apps.
